SITE VISIT

Academic year: 2022-23

Subject	Electives
Sem	Sem 1
Organised by	Pillai HOC College of Architecture, Rasayani
Objectives	<ul style="list-style-type: none">The site visit was organized to familiarize the students with the basics of human centric design with respect to the appearance of the space.
Date and time	6 Jan 2023
Venue	Rasayani
Faculty coordinator	Prof. Amrut Deshpande.
Supporting staff	Prof. Renuka Wazalwar.
No. of students present	42
Program approved by	Prof. Suchita Sayaji, Principal, PHCOA
Brief about the activity/event	The visit was planned to study the temporary structures in Rasayani. The Students documented anthropometric data. This helped them to familiarize with the scale and proportion. Students also studied different local materials which were used to build the temporary structures.
Remarks	Students got an opportunity to document temporary structure.

Prof. Renuka Wazalwar.

Before making this we were taught lot of transportation by the faculty. This activity made us understand the how a structure can be designed and with materials. This has to be how the structure will be made. Also the location importance of ground level water and the way also highlighted.

Structure has its different things we had made two sections horizontal and vertical section, taught us how to identify and section.

we had made two sections like elevation and front elevation. To that also we learned drawing orthographic and its application.

This project took us many days to complete the work but we got a very satisfying and useful experience.

A very important observation that I have come across is when a site and working is not at all a easy job! But then at the same time it is also a fun to explore and deal with practical happenings. we people did many mistakes in the field while measuring while dealing with chambers but then after taking good learning from faculty we improved a lot. This project made it very clear about what is the section, elevation is how to draw it and what all mistakes we were ed. support to make. This we needed a very useful and helpful activity.

We also notice few things and these were the top one. chimney and not properly observed if it could have been properly covered, if few more interior techniques would have been use. It would have changed the look of the house and benefited in attracting more people.

SITE VISIT

Academic year: 2022-23

Subject	Architectural Building Construction & Materials
Sem	Sem 3
Organised by	Pillai HOC College of Architecture, Rasayani
Objectives	Visit RCC Structures.
Date and time	3 Aug 2022
Venue	Site visit in Rasayani
Faculty coordinator	Abhishek Chakraborty
Supporting staff	Shivaji, Jayant S.
No. of students present	15
Program approved by	Prof. Suchita Sayaji, Principal, PHCOA
Brief about the activity/event	This site was near to our college, after coming to the site students walk through the different parts of the RCC structure, highlighting key elements like beams, columns, slabs, and foundations. Faculties explain how these components work together to create a stable and functional building. Faculties allow students to ask questions and engage them in discussions with site authorities. This will foster a deeper understanding of the RCC structure and provide an opportunity for clarification.
Remarks	Students made a model & report which document different aspects of the structure, such as its structural system, material usage.

SITE VISIT

Academic year: 2022-23

Subject	Architectural Building Services & Theory Of Structures
Sem	Sem 4
Organised by	Pillai HOC College of Architecture, Rasayani
Objectives	Steel Structures & Joinery
Date and time	5 Jan 2023 & 6 Jan 2023
Venue	Day 1 -Panvel, CST Station. Day 2 - Turbhe, Koparkhairane
Faculty coordinator	Abhishek Chakraborty
Supporting staff	Shivaji S.
No. of students present	15
Program approved by	Prof. Suchita Sayaji, Principal, PHCOA
Brief about the activity/event	Familiarize the students with the basics of steel structures and joinery in architectural design. Introduce concepts such as steel frame systems, connections, fabrication processes, and the advantages of steel as a construction material. Provide students with a background understanding of the Panvel, CST and Turbhe station. Students also observe the architectural style, and notable features. Faculty also show them different types of steel connections, trusses, beams, columns, and other steel elements that support the station's infrastructure.
Remarks	Students made a model & report which document different aspects of the structure, such as its structural system, material usage.

SITE VISIT

Academic year: 2022-23

Subject	Allied Design
Sem	Sem 5
Organised by	Pillai HOC College of Architecture, Rasayani
Objectives	<ul style="list-style-type: none">To understand the ecological and cultural importance of Parsik hill and surrounding areas
Date and time	17 Aug 2022 10 am – 5.00 pm
Venue	Artist Village-Belapur
Faculty coordinator	Prof. Abhishek C.
Supporting staff	Prof. Aswathy R, Prof.Sanjana B, Prof.Akanksha R, Prof.Gunjan, Prof.Rajnigandha C.
No. of students present	84
Program approved by	Prof. Suchita Sayaji, Principal, PHCOA
Brief about the activity/event	Students were taken for a site visit to Artist village in Belapur. The students interacted with Landscape Architect Mrs. Smita Gupta who is a resident of Artist Village. She briefed the students about the ecological and cultural importance of Parsik hill and surrounding areas. Her expertise about the area was helpful for the students to gain valuable insights for their semester V landscape design project.
Remarks	The students gained a deeper understanding of how architectural design can complement and enhance the natural landscape.

SITE VISIT

Academic year: 2022-23

Subject	Architectural Design
Sem	Sem 5
Organised by	Pillai HOC College of Architecture, Rasayani
Objectives	<p>Encourage students to observe the site's physical characteristics, context, topography, and existing structures. This helps them develop their observational skills and understand how architectural designs respond to the surrounding environment.</p> <p>Help students grasp the spatial relationships between buildings, open spaces, circulation paths, and landscape elements. This can enhance their understanding of how to create functional and aesthetically pleasing designs.</p> <p>Teach students how to document their observations through sketches, photographs, notes, and measurements. This skill is crucial for creating accurate and detailed design documentation.</p> <p>Encourage students to think about how the designed spaces will be used by people. Discuss circulation patterns, accessibility, and human comfort to help students prioritize user needs.</p>
Date and time	3 Jun 2022 – 6 Jun 2022
Venue	Nate village, Ratnagiri
Faculty coordinator	Prof.Amit Kadam.
Supporting staff	Prof. Sandhya M, Prof. Abhay, Prof. Akanksha, Prof. Sanjana, Prof. Aswathy
No. of students present	66
Program approved by	Prof. Suchita Sayaji, Principal, PHCOA
Brief about the activity/event	<p>The Site visit was organized for the 3rd year, Sem V Students, as part of their Architectural design studio. They observed and analysed various aspects of the site including, context, topography, existing structures, materials, and spatial relationships.</p> <p>Students documented their observations through sketches, photographs, notes, and drawings etc.</p> <p>Sketches captured architectural details, spatial configurations, and other noteworthy features.</p>

Organised by	Pillai HOC College of Architecture, Rasayani
Objectives	To create awareness about environment through understanding about ecology and importance of preserving biodiversity for a sustainable future.
Date and time	13 Dec 2022 10 am – 5.30 pm
Venue	MNP-Dharavi, Sion fort
Faculty coordinator	Prof.Abhishek C.
Supporting staff	Prof.Aswathy R, Prof. Sanjana B, Prof.Akanksha, Prof.Gunjan, Prof.Rajnigandha
No. of students present	79
Program approved by	Prof. Suchita Sayaji, Principal, PHCOA
Brief about the activity/event	An educational guided walk was organized for students. Maharashtra Nature Park has trained expert volunteers who conduct educational walks for school and college students. The event started with a short briefing session where volunteers explained the importance of the park, the various floras and fauna species found in the park and its history. The students then split into groups, each group headed by a volunteer. During the walk, students explored the biodiversity of the park and learned about the importance and special features of various species found in the park. The session was interactive where volunteers constantly engaged students with quizzes which ensured a participatory approach towards teaching and learning.
Remarks	Students enjoyed the walk and were amazed to learn that such a biodiversity hotspot exists in the midst of hustle bustle of the city.

SWOT ANALYSIS

STRENGTH:

1. Well connected by railways and roadways from Mumbai, Pune Nashik.
2. The presence of huge green area.
3. Proximity to various facilities and services like educational institutions, medical facilities, government offices, electricity and water supply services.
4. Preferred destination for weekend holidays.

WEAKNESS:

1. Insufficient width of the internal roads and walkways.
2. The presence of open drains and gutters

OPPORTUNITIES:

1. The under construction trans harbor link between Sewri, Mumbai, and Navi Mumbai will further at the distance between the two cities and offer faster connectivity to Karjat.
2. The proposed Panvel - Bhimashankar Rd will drastically reduce the traveling time to reach Karjat by approximately 25Kms.
3. Existing green areas and farmlands.
4. Potential to connect residential and commercial zones.

THREATS:

1. The industrial area is located in the east of Karjat which makes the land in a threat of pollution.
2. The Ulhas River proven as life line to the city is now polluted

SITE VISIT

Academic year: 2022-23

Subject	Architectural Design
Sem	Sem 9
Organised by	Pillai HOC College of Architecture, Rasayani
Objectives	<ul style="list-style-type: none">• Architectural Design Case Study & Site visit
Date and time	04 July 2022 10 am – 5.00 pm
Venue	CIDCO exhibition Centre, Vashi
Faculty coordinator	Prof. Renuka Wazalwar.
Supporting staff	Prof. Jayant.Prof. Pooja H,Prof. Meghana S,Prof.Gunjan,
No. of students present	85
Program approved by	Prof. Suchita Sayaji, Principal, PHCOA
Brief about the activity/event	As a part of IX th Semester Design, students were taken for a case study at CIDCO exhibition Centre, Vashi. During the case study, students had opportunity to explore the long span structure, building services incorporating the integration of smart building systems, such as automated lighting, HVAC controls, and energy monitoring devices. Students also observed the spacial arrangements in Vashi Convention and Exhibition Centre and role of construction and services while planning the huge spaces like Convention Centers. These aspects were helpful for the students to gain valuable insights for their Architectural Design project related to Convention Centre.
Remarks	They gained an understanding of how automation can improve efficiency, accuracy and productivity and large scale structural planning. They recognized the importance of automation to enhance efficiency, collaboration and sustainability in their future architectural design.

Prof. Renuka Wazalwar.

EXPERIENCE LETTER

This is to certify that **Ms. Ragmonjori Dasgupta** was employed with **DHAROHAR** as an **Intern Architect** since **3rd January 2023** till **15th April 2023**. During her tenure, she assisted the design team on following listed projects.

1. Proposal for Heritage market street developemnt of Kargil.
2. Conceptual proposal for Pura Mahadev temple
3. Documentation drawings of Department of Chemistry, Benaras Hindu University
4. Sectional drawings of Wanla Khar
5. Conceptual proposal for Prayagraj Municipal Corporation
6. Documentation of Surajkund Art and Craft festival
7. Research for Manaskhand mandir mala mission.

The work included research and documentation, site photography, data collection and preparing presentation for the above-mentioned sites.

We find her to be a hardworking and dedicated professional who performed all her duties in a satisfactory manner.

We wish Ms. Ragmonjori all the best for her future endeavours.

EXPERIENCE LETTER

To Whom So Ever It May Concern

Ms. Mayuri Mhatre worked in our office from Nov 28th 2022 till March 28th 2023.

She was appointed as trainee in our firm.

She was assigned work of varied nature, in different projects as the need arose, which she very efficiently adapted to. While assisting a senior architect throughout her tenure she showed a great deal of humility, and a huge willingness to learn, not only from her senior mentors, but her subordinate interns as well.

She willingly assisted anyone who needed help, regardless of whatever areas they needed help in, ranging from site visits to drawings. She not only regularly visited the site she was assigned to work on, but also the other ongoing projects of the office to observe and understand practical issues on site in the process of execution.

We wish her all the luck for her future.

Thanking You,

Ar. Amit Golande – CA/96/200029
