Sports activity at PHCOA

Objectives of Sports activities:

At PHCOA, promoting physical fitness is also of foremost importance apart from the academics. Here the students are encouraged to engage in sports activities that helps to promote physical fitness and a healthy lifestyle. Organizing sports events allows students to participate in various sports/games and physical activities, contributing to their overall well-being.

These events open up opportunity for students to enhance their sports-specific skills, such as teamwork, leadership, communication, and problem-solving.

These events foster camaraderie and sense of team spirit among students. The students learn team work which also reflects in their academic group projects. Apart from the above made points, our students also reflect self-confidence and ability to deal with field activities.
