The main objective of this committee is to safeguard women's safety, hygiene problems and protecting women's rights. Women Development Cell of PHCOA plays an important role in voicing opinions on women empowerment. WDC provides a platform where students can comfortably participate and share their views. They actively promote gender equality and mold girls to be independent. If any amendment is to be carried out in the roles and responsibilities of this committee, then it will be carried out by the principle along with the present committee.

### PULMONARY FUNCTION TEST

"The pulmonary function test is a non-invasive diagnostic tool that measures lung function and can detect respiratory problems such as asthma, chronic obstructive pulmonary disease (COPD), and other breathing disorders. This test can help identify respiratory problems early on, allowing for timely intervention and treatment. Early detection can also prevent the progression of respiratory problems and promote a healthier lifestyle."
