### How will 300+ students ALL interact with the mentor?

- This format thrives of **Collaboration** and **Co-learning!**
- Assignments submitted will be reviewed and an **unbiased** mix of good, bad and average submissions will be chosen for discussion with the mentor.
- **All students will be reviewed by faculty** from other collaborating institutions during the college exchange session.

Follow a simple efficient formula for live sessions.

- Log in with **college initials and roll number** before the name: Easy for marking attendance
- Faculty will join as **co-hosts** so they can unmute themselves and engage in the discussion.
- If students have any query, they will type it in the **chat box**.
- Mentor will pick the questions they wish to respond to and ask the student to switch on their video and share the query.
- Live activities, workshops and charrettes will be reviewed on first come first serve basis.

We will try our best to accomodate all colleges  
If you have any suggestions, we welcome your ideas
