### RASAYANI OF TOMORROW

Academic year: 2021-2022

<b>Organised by</b>	Pillai HOC College of Architecture, Rasayani
<b>Published by</b>	Mahatma Education Society
<b>Brief</b>	<p>Rasayani, once known for housing various famous chemical industries boasts of history which we are still unaware of. From its strategic location being on the fringes of Panvel and the highways leading to Pune and alibaug, the place has been susceptible to various development extensions.</p> <p>Being under various stakeholders including NAINA, PMC, MIDC, MMR, future proposals are in the process of planning for building a new hub for educational, residential and social services.</p> <p>This gives "SANSODHAN" the research and consultation cell of Pillai HOC College of Architecture a scope for developing the relatively needed infrastructure such as Redesigning HOCL Hospital, Chambharli crematorium and Rasayani Railway station considering them being public proposals.</p>
